To whom it may concern,

Christine Amsden, of T.A. & Associates, has provided French translation services to the College of Dental Hygienists of Ontario (CDHO) since 1995.

Ms. Amsden provides clear, accurate translations in a timely manner and does not hesitate to contact the College when there may be difficulty with a technical term specifically related to the practice of dental hygiene.

While we have had a positive relationship with Ms. Amsden in the past, we intend to continue contracting her services in the future.

Sincerely,

Fran Richardson, RDH, BScD, MEd, MTS
Registrar/Chief Administrative Officer
